Supplemental Type Certificate

Number: ST01140SE

This certificate issued to: B/E Aerospace, Inc. - FSI
11404 Commando Road W, Suite C
Everett, WA 98204

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 *of the Federal Aviation Regulations.*

Original Product – Type Certificate Number: T00001SE

Make: Boeing
Model: 777-200 Series

Description of Type Design Change:

Install an overhead flight crew rest at Door 1 in Boeing 777-200 airplanes in accordance with Flight Structures, Inc. Master Drawing List A1FS121-D01, Revision D, dated October 29, 2002, or later FAA approved revision.

Limitations and Conditions:

Approval of this change in type design applies to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications will produce no adverse effect upon the airworthiness of that aircraft. A copy of this certificate and Flight Structures, Inc. Master Drawing List A1FS121-D01 must be maintained as part of the permanent records for the modified aircraft.

(Limitations and Conditions continued on page 3 of 3)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: 8/15/2001

Date reissued: 4/21/2016

Date of issuance: 11/7/2002

Date amended:

By direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding $1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
