# Advisory Circular

---

**Subject: FLIGHT STANDARDS SERVICE      Date: 9/24/04      AC No: 187-1A**  
**SCHEDULE OF CHARGES OUTSIDE      Initiated by: AFS-50      Change:**  
**THE UNITED STATES**

---

**1. PURPOSE.** This advisory circular (AC) transmits a schedule of charges for services of Federal Aviation Administration (FAA) Flight Standards Service (AFS) aviation safety inspectors (ASI) outside the United States. The methodology for determining these charges and the initial charges developed by this methodology were established by rulemaking action to Title 14 of the Code of Federal Regulations (14 CFR) part 187, Docket No. 27809; Notice No. 94-24, Fees for Certification Services and Approvals Performed Outside the United States. The rulemaking established that these fees would be published in an AC.

**2. CANCELLATION.** AC 187-1, Flight Standards Service Schedule of Charges Outside the United States, dated March 31, 1995, is canceled.

**3. RELATED 14 CFR SECTIONS.** Each charge listed in Appendix 1 refers to an FAA activity described in 14 CFR. Specific 14 CFR reference is listed beside each category of service and charge. Generally, these charges refer to: 14 CFR part 187, Appendix A - Methodology for Computation of Fees For Certification Services Performed Outside the United States; 14 CFR parts 61, 63, and 65 - airmen certification; 14 CFR parts 141, 142, 145, and 147 – Schools and other Certificated Agencies; and 14 CFR part 183 – Representatives of the Administrator.

**4. APPENDIX CHANGES.** FAA plans to review the actual costs incurred in the services listed in Appendix 1, at the beginning of each fiscal year, using the same fee methodology described in 14 CFR part 187, Appendix A. FAA will amend the schedule of charges on an annual basis to either increase or decrease fees, as needed. Each amended schedule would be published in the Federal Register and updated in a revision to this AC.
