**3. BACKGROUND.** In November 2003, the FAA cancelled Advisory Circular 121.445-1D, Pilot-In-Command Qualifications for Special Area/Routes and Airports, Federal Aviation Regulations (FAR) Section 121.445, and put into place operations specification (OpSpec) C050.

**4. DISCUSSION.** We received a request through the Operations Specifications Working Group (OSWG) to remove China airports, ZHHH and ZSNJ, from the Special PIC Qualification Airport List. As a result:

**a.** The OSWG members recommended ZHHH and ZSNJ be removed from the Special PIC Qualification Airport List;

**b.** The FAA has determined it is appropriate to remove these two airports from the Special PIC Qualification Airport List; and

**c.** The OSWG added a revision history page to the end of the Special PIC Qualification Airport List.

**5. ACTION.**

**a.** The revised airport list is maintained in the Operations Safety System guidance subsystem in association with OpSpec C050 and OpSpec C067. The list is also maintained on the following public Web site: <http://www.opspecs.com>.

**b.** POIs affected by this notice should provide a copy to their respective certificate holders.
