

Federal Aviation Administration

Memorandum

Date: NOV 16 2011

To: All Manufacturing Inspection Offices
All Flight Standards Regional and Field Offices

From:  James Seipel, Acting Manager, Production and Airworthiness Division, AIR-200

Prepared by: Airworthiness Certification Branch, AIR-230

Subject: ACTION: Cancellation of Deviation to FAA Order 8130.2 to Extend the Use of Forms 8100-2 and 8130-4

This memorandum cancels the deviation memo dated April 13, 2011, Deviation to FAA Order 8130.2 to Extend the Use of Forms 8100-2 and 8130-4. The deviation permitted the use of old versions of FAA Forms 8100-2 and 8130-4, until April 30, 2011. It also permitted old versions of FAA Form 8130-6 and 8130-7 to be used until depleted.

New versions of all four forms are now available. Please discontinue use of outdated versions of these forms and destroy these versions to prevent further use.

If you have any questions, please contact the Airworthiness Certification Branch, AIR-230, at (202) 385-6346.
