Supplemental Type Certificate

Number: ST02165SE

This certificate issued to: B/E Aerospace, Inc. - FSI
11404 Commando Road W, Suite C
Everett, WA 98204

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 *of the Federal Aviation Regulations.*

Original Product – Type Certificate Number: T00001SE

Make: Boeing

Model: 777-200 Series

Description of Type Design Change:

Installation of Overhead Attendant Rest above Door 3 on Boeing Model 777-200 series aircraft in accordance with Flight Structures, Inc. Master Drawing List B1FS110-D01, Revision H, dated July 11, 2012 or later Federal Aviation Administration/Organization Designation Authorization approved revisions.

Limitations and Conditions:

Approval of this change in type design applies to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of the aircraft. A copy of this certificate and FSI Master Drawing List B1FS110-D01, Revision H, dated July 11, 2012, or later Federal Aviation Administration/Organization Designation Authorization approved revision must be maintained as part of the permanent records for the modified aircraft.
(Limitations and Conditions continued on page 3 of 3)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: 7/26/2011

Date of issuance: 7/12/2012

Date reissued: 4/1/2016

Date amended:

By direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding $1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).

Supplemental Type Certificate

INSTRUCTIONS: The transfer endorsement below may be used to notify the appropriate FAA Aircraft Certification Office of the transfer of this Supplemental Type Certificate. The FAA will reissue the certificate in the name of the transferee and forward it to him.

Transfer Endorsement

Transfer the ownership of Supplemental Type Certificate Number: ST02165SE

To (Name and address of transferee)

From (Name and address of grantor)

Extent of Authority (if licensing agreement):

Date of transfer:

Signature of grantor: _____

Any alteration of this certificate is punishable by a fine of not exceeding $1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).

Limitations and Conditions, Continued:

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

The Supplement to Instructions for Continued Airworthiness, FSI Document B1FS110-D15 Revision A, dated June 22, 2012, or later FAA accepted revision must be incorporated into the operator's maintenance program.

Airplane Flight Manual Supplement, Flight Structures Document TP11-110AFM, dated January 23, 2012, or later FAA/ODA approved revisions, is applicable to airplanes modified in accordance with this STC.

Prior incorporation of Boeing Service Bulletins:

777-25-0569 June 29, 2012 Rev. 1
777-21-0160 February 2, 2012 Original Issue
or later approved revisions are required for the installation of this STC.

FSI STC ST02061SE must be installed concurrently with this STC.

Certification Basis:

The certification basis for this modification is in accordance with Type Certificate Data Sheet, T00001SE, with the following exceptions:

Regulations at a later amendment than specified in A1NM

§ 25.811 (b)(c)(d)(1)(2)(g) Amendment 25-88
§ 25.812 (a)(1)(b)(1)(i)(e) Amendment 25-88
§ 25.853 (a)(c)(d)(e) Amendment 25-83
§ 25.856 (a) Amendment 25-111
§ 25.869 (a)(4) Amendment 25-113
§ 25.1585 (a) Amendment 25-105

- END -

Any alteration of this certificate is punishable by a fine of not exceeding $1,000, or imprisonment not exceeding 3 years, or both.
