Supplemental Type Certificate

Number: ST00749SE

This certificate issued to: B/E Aerospace, Inc. - FSI
11404 Commando Road W, Suite C
Everett, WA 98204

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product – Type Certificate Number: A20WE
Mcnng: Boeing
Mqf gn 747-400

Description of Type Design Change:

Add structural and system provisions to Zones A, B, C, D, E and the upper deck, and modify the flight and upper deck crew rest stations and flight deck door, in accordance with Flight Structures, Inc. Master Drawing List 98FS841-D01, Revision C, dated October 19, 1999 or later FAA approved revision.

Limitations and Conditions:

The approval of this change in type design applies to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationships between this change and any other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. The resulting interior arrangement for this STC is a zero passenger configuration. Refer to FSI document 98FS841-D13, Revision IR, dated June 16, 1999 or a later FAA approved revision for limitations of the provisions.

(See Continuation Sheets Pages 3 through 3)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: 12/2/1998

Date reissued: 4/21/2016

Date of issuance: 10/22/1999

Date amended:

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
