Supplemental Type Certificate

Number: ST00756SE

This certificate issued to: B/E Aerospace, Inc. - FSI
11404 Commando Road W, Suite C
Everett, WA 98204

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product – Type Certificate Number: A20WE
Mcnng: Boeing
Mqf gn 747-400 Series

Description of Type Design Change:

Reconfigure the main and upper deck of Japan Airlines 747-400 series airplanes, in accordance with Flight Structures, Inc. Master Drawing List 98FS818-D01, Revision G, dated December 3, 1999 or later FAA approved revision.

Limitations and Conditions:

The approval of this change in type design applies basically to the above model only. This project should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationships between this change and any other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this certificate and FAA approved Flight Structures, Inc. Master Drawing List 98FS818-D01 shall be maintained as part of the permanent records of the modified aircraft. Rockwell Collins (RCPC) STC ST00720LA and Hexcel Corp. STC ST00484SE must be installed concurrently with this STC. (See Continuation Sheets Pages 3 through 3)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: 6/17/1998

Date reissued: 4/21/2016

Date of issuance: 12/7/1999

Date amended:

By direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
